

Terms and conditions

Dear guest,

If you book at Salecina, you must know and accept the following conditions.

1) The building:

Salecina has two separate facilities, a building where activities take place during the day and a part reserved for the night, which means that to get from one building to the other you need to walk outside a short distance. It is recommended to wear suitable shoes both inside the house and outside. Attention should be paid to this feature especially in winter and in the presence of snow and ice. In general the house remains open and rooms cannot be locked. Although it has never happened before, Salecina does not accept responsibility for theft or lost property.

2) Beds and room allocation

Salecina has two 2-bed rooms, seven 4-bed rooms and two 12-bed rooms. The rooms have shelves, there are no closets.

You can choose whether you want your own beds in a large room or if you prefer to reserve beds in a smaller room.

Although the management team tries to meet the demands of the type of rooms, in Salecina you can reserve the bed, not the room. It may therefore happen that the reserved places are not necessarily in the same room. To check whether it is possible to have beds in the same room, please contact the management team directly. If room occupancy at the time of booking permits, you can reserve beds in a single room. However, if some places remain free, they may be allocated to other guests.

However, it is not possible to book an entire room and pay for empty beds.

In order to have optimal room occupancy, room changes during your stay are not excluded. You can clarify with the management team whether it is possible to avoid room changes.

The rooms are mixed, they do not have a gender division. If requested, the management team can try, where possible, to accommodate the need for separate rooms.

3) Toilets and showers

Salecina has communal toilets; there are no rooms with private toilets. The toilets are for everyone and are not divided according to gender.

4) Self-management

Salecina is a self-managed house: each guest provides a small domestic service per day for all the other guests.

Possible services are: preparing breakfast (breakfast is usually served from 8:00 to 10:00); cooking for dinner (from 17:00 to 19:00); washing dishes (after dinner); cleaning services (dining rooms, stairs, corridors, toilets, washrooms, showers) which are carried out during the day when the rooms are not occupied or used. There is a board of services in the house, each guest registers for one service per day. The number of services changes proportionally depending on the number of occupants.

If you decide to stay in Salecina, you therefore agree to do these household chores collectively.

5) Coordination

Every day after dinner there is a brief discussion among all the guests present, the so-called coordination, which is also conducted as a service by a guest, in which, in addition to organizational communications, news from the newspapers is reported, and services not yet assigned are distributed. If you come to Salecina, you agree to take part in the coordination.

6) Booking and cancellation conditions

Once you have made your reservation, you will receive a confirmation by e-mail where you will be asked to pay a deposit corresponding to about half of the total cost of your stay. A possible refund of the deposit (minus an administration fee of CHF 30.-) is only possible if the cancellation takes place:

- In high season and for enrollment for seminars and courses, no later than 6 weeks before the day of arrival stated in the booking.
- In low season no later than 14 days before the day of arrival.
